

## Accidents involving loss of control and aircraft icing are preventable

Roger Taylor (Director of Safety at LA Tech) will cover appropriate safety topics, Larry Wells (JAN FSDO) will follow with Loss of Control Accident Analysis, then Gary Odom will end with an accident case study involving aircraft icing.

**Directions:** If traveling north or south on Hwy 167, turn west on California. After approximately 3/4 mile, turn north (right) at the corner of California and Bond. Davison Hall sits on the NW corner. If driving east or west on Interstate 20, take exit 84 south on Tech Drive. After traveling through three lights - turn east (left) on Hergot. Davison Hall is the second building on the right. Park anywhere. Room 113 is the auditorium behind the elevator.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
